INTERPRETATION 1: Revoked June 4, 1945.

#### INTERPRETATION 2

The following official interpretation is hereby issued by the War Production Board with respect to the meaning of the term "in transit" as defined in paragraph (a) (6) of General Imports Order M-63 (§ 1042.1) as amended.

By amendment dated December 17, 1942, the definition of material "in transit" was changed by adding the following clause, "or if it has actually been delivered to and accepted by a rail, truck, or air carrier for transportation to a point within the con-tinental United States." The question has been raised as to the meaning of the term as applied to a case where the material on the governing date had been delivered to and accepted by a rail, truck, or air carrier on a through bill of lading for transportation to a specified port and from thence by boat to a point within the continental United States.

The material in the stated case is not deemed to be in transit within the meaning of the term as used in the order. If the material is to be carried to the port of arrival in the continental United States by ship the material must have been afloat, or an on board ocean bill of lading must have been issued with respect to it on the governing date in order for it to be considered as having been in transit on such date.

Material which has been delivered to and accepted by a rail, truck, or air carrier on the governing date for transportation to a point within the continental United States is deemed to be in transit within the meaning of the term as used in the order only when the transportation specified in the bill of lading issued by such carrier calls for delivery of the material at the port of arrival in the continental United States by rail, truck, or air carrier, not by ship. (Issued March 5, 1943.)

INTERPRETATION 3: Revoked June 4, 1945.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Supplementary Order M-317A, as Amended Sept. 5, 1945]

COTTON FABRIC PREFERENCE RATINGS AND RESTRICTIONS

§ 3290.116 Supplementary Order M-317A—(a) Contents of this order. This Order M-317A is supplementary to Order M-317 and contains preference rating schedules and distribution schedules referred to in that order. These schedules apply only to woven cotton fabrics of more than 12" in width, but do not apply to "duck" as defined in Order M-91. Restrictions on the production of cotton fabrics appear in Order L-99.

(b) Assignment of prejerence ratings for small amounts of cotton fabrics. The preference ratings in Column IV are assigned for each Group to the persons named in Column I to get the cotton fabrics listed in Column II for the uses listed in Column III in accordance with the following rules. This preference rating may not be used to get delivery of more cotton fabrics in any calendar quarter than the amount shown in Column I, nor may the rating be used to get any fabric other than those listed in Column II. To illustrate: In Group CDGS-2 a processor is assigned an AA-2X rating to get a total of 1000 yards of fabrics to make photographic equipment. but in using the rating he is restricted to combed broadcloth, corduroy, and velveteen and cord. He may purchase equal amounts of each of the three fabrics or divide the 1000 yards among the fabrics in any way he chooses. If he needs a rating for more than 1000 yards of these fabrics, he has two alternatives:

(1) He may purchase the additional fabrics without a rating, or

(2) He may file Form WPB-2842 for his total yardage as described below.

(c) Preference ratings for greater amounts of cotton fabrics than specified in Column I. Preference ratings will be assigned on Form GA-2543 for more cotton fabrics than the yardage listed in Column I in accordance with the following rules:

(1) Any person named in Column I who wants to use the preference ratings to get, in any calendar quarter for any Group, more of the cotton fabrics shown in Column II than the amount shown in Column I, for the uses listed in Column III, should apply to the War Production Board on Form WPB-2842. Fabrics applied for on Form WPB-2842 shall be described in the same terms as they are listed in Column II of the Preference Rating Schedules of this order. A separate application shall be filed for materials for each Group listed in the schedules. For example, a person who wants to make "Baby baths", (Group CDGS-7) and needs sheeting, would insert in Column (a) of Form WPB-2842; "(13b) Sheeting, coarse, Class B".

(2) Applications on Form WPB-2842 for preference ratings for cotton fabrics to be delivered in the 3d quarter of 1945, must be filed by July 31, 1945, with the Industry Division or Bureau of the War Production Board or the agency specified Ref: M317A. Applications for preference ratings for cotton fabrics to be delivered in the 4th quarter of 1945, and in each subsequent quarter, must be filed at least 60 days before the beginning of the quarter in which the cotton fabrics are to be received by the applicant.

(3) Priorities assistance will generally be granted on the basis of each applicant's past consumption and inventories of cotton fabrics as shown on his application, the yardage of cotton fabrics available for the particular purpose, and the supply and availability of other materials for the specified uses. Applications from persons who have not previously used cotton fabrics for the specified purposes, will be granted if the supply is in excess of the amounts needed to permit applicants who previously consumed cotton fabrics to continue their operations at a reasonable economic operat-ing level. They will be granted, as far as possible, on an equitable basis.

(4) Under extraordinary conditions, Form WPB-2842 may be filed as an interim application for additional cotton fabrics. In such cases the application must cover only the additional quantities of cotton fabrics for which preference ratings are requested and not for the total requirements for the quarter. The War Production Board will assign ratings on Form GA-2544 in such cases to the extent that the cotton fabrics applied for are available for the proposed

(5) During any calendar quarter fabrics and uses may be added to the Preference Rating Schedules of this order. Persons desiring to file applications for priorities assistance for the additional fabrics or uses may do so within 15 days after the date the fabrics are added to the schedule. To secure ratings for the additional fabrics or uses, separate applications must be filed for each quarter.

(d) Advance authorizations—(1) 3d quarter of 1945. A person named in Column I who files his application for the 3d quarter of 1945 in accordance with paragraph (c), may, as soon as he files his application, use the preference rating in Column IV to get the cotton fabrics listed in Column III for the uses listed in Column III of the applicable Group. He may not use the rating for a greater yardage of these cotton fabrics than requested in his application.

(2) 4th quarter of 1945. When a person is assigned a preference rating on Form GA-2543 for cotton fabrics for the 3d quarter of 1945, he may use the same rating to order cotton fabrics for delivery in the 4th quarter of 1945, for the same uses, in an amount up to 70% of the yardage of cotton fabrics he has been authorized for each Group. If he does so, however, he must file Form WPB-2842 for the 4th quarter of 1945

by August 1, 1945, in accordance with paragraph (c) (2). In cases where applications are filed for fabrics or uses added to the Preference Rating Schedules after August 1, 1945, Form WPB-2842 must be filed by the date specified in paragraph (c) (5).

(3) GA-2543 authorizations supersede advance authorizations. As soon as a person receives authorization for a particular quarter on Form GA-2543, he must promptly adjust his orders carrying preference ratings, cancelling or withdrawing preference ratings where necessary, so that his rated orders do not call for more or different cotton fabrics than authorized for that quarter.

(e) Compulsory notice to the War Production Board of unused authorizations. A person who finds that, for any reason, he will not place rated orders to the extent authorized on Form GA-2543 for a particular quarter or will cancel rated orders he has placed, must promptly write a letter giving notice to the Industry Division or Bureau of the War Production Board, or the agency specified in the preference rating schedules, showing the reference number on The letter must his authorization. specify the quantity and kind of fabric in the same terms in which authorization was made, but for which rated orders will not be placed. When necessary, the War Production Board will reduce authorizations given previously by using Form GA-2544.

(f) Early and late deliveries. (1) Deliveries of cotton fabrics on orders bearing ratings assigned under this order for a particular quarter may be received before the quarter begins, if the delivery date actually requested was in accordance with the authorization, and they must be charged to that quarter's quota only.

(2) Deliveries of cotton fabrics on orders bearing ratings assigned under this order may be accepted after the quarter for which the deliveries were authorized and charged to that quarter's quota, only if the fabric was produced and billed to the purchaser before the end of the quarter. Otherwise, they must be charged to the next quarter's quota.

(g) Restrictions on use of all ratings.

(1) Ratings assigned under this order may be used only to get the particular cotton fabrics shown for the particular uses in the Group for which they were assigned, and cotton fabrics obtained with such ratings may be used only for the uses specified in that Group.

(2) Beginning with the 3rd quarter of 1945, no person may use any preference ratings to get delivery, in any quarter, of more of the cotton fabrics listed in Column II for the uses listed in Column III than:

(i) The amount shown in Column I; or
 (ii) The amount he has been authorized on Form GA-2543 or GA-2544 to
 purchase; or

(iii) The amount he is authorized to purchase under paragraph (d) above.

(3) Under Order M-328, a person may use preference ratings other than the ones assigned under this order, such as ratings on contracts from the armed services, to get cotton fabrics. These

No. 176-2

ratings may be used by a person who has received an authorization under this order only if he charges the yardages so obtained to the amounts authorized under this order. He may not use these ratings to get more than those yardages. To illustrate: A processor of photographic equipment under Group 10 has received an authorization on Form GA-2543 to buy 5000 yards of fabrics with a rating of AA-2X. He then receives a rating of AA-1 from the Army covering photographic equipment requiring 2000 yards of fabrics. The processor may then apply the AA-1 rating to his orders for 2000 yards, but the remaining 3000 yards must be rated AA-2X, and his total authorization is still 5000 yards.

(h) Effect of amendment to preference rating schedules. (1) This paragraph states special rules that apply only to ratings assigned by this order. Whenever any change is made in this order or any action is taken under this order,

(including the schedules) which has the effect of revoking a preference rating or limiting its use, each person who has applied such a rating, in a manner no longer allowed, to an order which has not yet been filled, must immediately cancel the order or withdraw the rating. If any person to whom a rating has been applied or extended receives notice that his customer's rating has been withdrawn or that his customer's order has been cancelled, he must immediately withdraw any extensions of the rating which he has made to any orders placed by him. If any person to whom a rating has been applied or extended knows or has reason to know that his customer's rating should be withdrawn and he has on his books this customer's unfilled order bearing such a rating, he must treat it as unrated and must also immediately withdraw any extensions that he has made of that

(2) In order to allow time for the filing of applications under this order as amended July 12, 1945, ratings assigned by Order M-317A as amended May 10, 1945 are not revoked until July 19, 1945, and remain valid until that date. All cotton fabrics delivered on rated orders after June 30, 1945 to a person named in Column I of the Preference Rating Schedules must be charged to the yardage authorized for the third quarter of 1945 under those schedules or by Form GA-2543 or GA-2544. Therefore, applicants must include all such yardage in their applications for that quarter.

(i) Reports and applications. The reporting and application requirements of this order have been approved by the Bureau of the Budget pursuant to the

Federal Reports Act of 1942.

Issued this 5th day of September 1945.

#### DISTRIBUTION SCHEDULES 1 AND 2

The obligations in Columns III, IV and V of Distribution Schedules 1 and 2 are to be calculated from the first day of July, 1945, and from the first day of each later quarter.

(a) Column I indicates the corresponding item numbers of the various cotton fabrics in these schedules as each appears on Form WPB-658-C (6/27/45) for Fine Cotton Goods and Form WPB-658-B (6/27/45) for Carded Gray Goods, Colored Yarn and Napped Fabrics and Specialties.

(b) Column II shows the cotton fabrics covered by these schedules.

(c) Column III shows the percentage of the producer's current calendar quarterly production which must be delivered by him to fill rated export orders for cotton fabrics placed by the Treasury Department, Procurement Division. Deliveries of cotton fabrics, however, may be made to garment manufacturers holding rated Treasury Department Procurement contracts for incorporation only into clothing for delivery on Treasury Procurement export orders, in which cases the fabrics so delivered may be credited to

the Column III obligation. Such deliveries must be reported promptly to the Treasury Department, Procurement Division, 50 Church Street, New York, N. Y. Offerings of cotton fabrics to the extent of this Column III obligation should be made directly to the Treasury Department, Procurement Division, at the above address, as early as possible. If Treasury Procurement rejects an offering or does not accept it within 45 days from the date it is made, the producer must add to his Column IV obligation (other rated export orders) as much of his Column III obligation as is unfilled because of rejection or nonacceptance of offerings made to Treasury Procurement.

(d) Column IV shows the percentage of the producer's current calendar quarterly production which must be delivered by him to fill rated export orders for cotton fabrics placed by persons other than Treasury Procurement. Deliveries of cotton fabrics, however, may be made on rated orders of garment manufacturers for incorporation into clothing only for delivery on rated export orders placed by persons other than Treasury Procurement, and fabrics so delivered may be credited to the Column IV obligation. Except for clothing in the above case, exports of cotton fabrics in piece goods form only may be credited to this obligation. For example, delivery of cotton fabrics to a coater to fill a rated export order for coated fabrics may not be credited to the Column III or Column IV obligation. This Column IV obligation may be increased by Treasury Procurement's rejections or nonacceptance of offerings, as explained above in paragraph (c) of this caption.

(e) (1) Only deliveries on purchase orders placed in accordance with paragraph (d) (1) of Order M-317 may be credited toward the obligations of Column III and Column IV. Until the obligations of Columns III and IV are fulfilled, all AA-5 purchase orders given in conformity with such procedures must be treated by the producer as if they were rated AA-3. When these obligations are fulfilled (the obligation of Column IV being subject to increase as explained above in paragraph (c) of this caption), the producer is not required to accept any additional export orders from Treasury Procurement or anyone else, regardless of the provisions of Priorities Regulation 1.

(2) Export by or for the United States Army, Navy, Maritime Commission, War Shipping Administration (including U. S. Army and Marine Corps Post Exchanges, U. S. Navy and Coast Guard Ships' Service Departments, and War Shipping Administration Training Organizations Ships' Service Activities), and the American Red Cross may not be credited toward these obligations.

(3) In calculating the export obligation contained in Distribution Schedule I (Fine Cotton Goods) the producer shall eliminate his production of cotton fabrics wider than 421/2". However, if he receives a rated export order for these goods, he must treat it as a rated order to the extent of his obligation and the delivery shall be credited toward his export obligation relating to narrow goods within the same reference number.

(f) Column V shows the percentage of the producer's current calendar quarterly production which must be delivered by him against all rated orders (including specified in Columns III and IV). The producer, however, is not relieved from the necessity of accepting and filling additional rated orders in accordance with Priorities Regulation 1, except to the extent provided in paragraph (e) (1) above for export orders. However, where the percentage in Column V amounts to 100, unless otherwise specified. seconds, shorts, remnants and rags, which are produced in the normal course of manufacture may be disposed of without regard to this provision to the extent that rated orders are not offered.

PART 1351-FOOD AND FOOD PRODUCTS [RMPR 502, Amdt. 3]

#### POPCORN

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 502 is amended in the following respects:

- 1. Section 12 (b) is amended to read as follows:
- (b) Sales from warehouses. Commercial processors' maximum prices, for commercially processed shelled popcorn in bulk, on sales from a warehouse located as specified below delivered direct to a retailer or manufacturing retailer of popcorn products shall be as follows:

Per 100 pounds net weight

Other than \$9.65 plus transportation white hullless. White hull-less\_. \$10.25 plus transportation

(These prices include all costs for delivery to the purchaser's customary receiving point.)

The processor may charge the prices in section 12 (b) only on sales in bulk of processed shelled popcorn actually warehoused by him in a locality more than 100 miles from his processing plant and only if such processor, prior to December 24, 1943, maintained supplies of popcorn in a warehouse in that locality and made sales from it direct to retailers or to manufacturing retailers of popcorn products.

2. A new section 12a is added to read as follows:

SEC. 12a. Sales of 500 pounds or less. To the prices set forth in section 11 and section 12 (a), 50 cents per hundred pounds may be added on sales in quantities of 500 pounds or less.

The term "broker" does not include a field agent.

PART 1407-RATIONING OF FOOD AND FOOD PRODUCTS

[Control Order 1,1 Amdt. 21]

LIVESTOCK SLAUGHTER AND MEAT DISTRIBUTION

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Control Order 1 is amended in the following respects:

1. Section 12 is amended to read as follows:

SEC. 12. Quotas of Class 2 slaughterers may be increased by transfers of meat to designated persons. (a) The quota of a Class 2 slaughterer shall be increased to the extent to which he sells or transfers meat resulting from his slaughter of livestock, or from custom slaughter of livestock for him, to any of the following agencies or persons, if he complies with the provisions of paragraph (b) of this section:

(1) The Army, Navy, Marine Corps, or Coast Guard of the United States (excluding post exchanges, ships' service departments, sales commissaries, and

similar organizations):

(2) The Department of Agriculture: (3) The War Shipping Administration:

(4) The Veterans Administration: and

(5) Contract schools as defined in War Food Order No. 73, and ship suppliers, as defined in War Food Order 74, when acquiring meat in accordance with

the provisions of these orders:

(6) Any person who is under contract to sell or transfer meat set aside under War Food Order 75-2. War Food Order 75-3, or War Food Order 75-4, or products prepared in whole or part therefrom, to any person or agency listed in (1), (2), (3), (4), and (5), of paragraph (a) of this section.

(b) (1) At the time of the sale or transfer, he must give to the agency or person specified in (a) an invoice containing the following information:

- (i) His name and address, and the name and address of the agency or person to which the meat is sold or transferred;
- (ii) The date of the sale or transfer:

(iii) The quantity, type and grade of meat sold or transferred.

(2) In addition, if the meat is sold or transferred to a person specified in (a) (6), he must obtain from such person, and such person must give to him, during the quota period in which the sale or transfer occurs, a written statement containing the following information:

(i) The name and address of the person to whom the Class 2 slaughterer sold

or transferred the meat;

(ii) The name and address of the Class 2 slaughterer who sold or transferred the meat;

(iii) The date the meat was sold or transferred by the Class 2 slaughterer;

(iv) The quantity, type and grade of meat so sold or transferred by the Class 2 slaughterer;

(v) The name of the agency or person (specified in (1) through (5) of paragraph (a)) with whom the person acquiring such meat is under contract to sell or transfer set aside meat or products prepared in whole or part therefrom, and the number of the contract to fulfill which he acquired the meat from the slaughterer; and

(vi) The quantity, type and grade of the meat referred to in (iv) above which will be or has been used by him in the

fulfillment of that contract.

The requirements of this subparagraph (2) will be deemed satisfied if the slaughterer obtains from such person, during the quota period in which the sale or transfer occurs, a certification on Form FDO 75-12 of the Department of Agriculture, covering such sale or transfer. The submission of the above statement or certification on Form FDO 75-12 shall constitute a certification and representation to the Office of Price Administration of the truth of the contents thereof. However, no person shall be entitled to rely upon any such statement or certification if he knows or has cause to believe it to be false.

(c) The increase in quota permitted under this section shall be determined and made in the following manner:

(1) Compute, by the use of the appropriate conversion factors in Table II of Supplement 1 to this order, the live weight of the species of livestock from which was derived the meat sold or transferred by the slaughterer to the agencies or persons specified in (1) through (5) of (a), (or in the case of meat transferred to a person specified in (6) of (a), the live weight of the species of livestock from which was derived the quantity of meat which such person has certified was or will be sold or transferred to one or more of the agencies or persons specified in (1) through (5) of (a)), determining separately:

The live weight of such livestock

slaughtered by him; and

(ii) The live weight of such livestock

custom slaughtered for him.

(2) (i) Add the result of (i) of (1) above to the Class 2 slaughterer's quota for the slaughter of that species of livestock by himself, for the quota period in which he sold or transferred such meat to the agencies or persons specified in (a)

- (ii) Add the result in (ii) of (1) above to his quota for the custom slaughter of that species of livestock for him by the custom slaughterer from whose slaughter of livestock for him the meat so sold or transferred was derived, the addition to be made to the quota for the quota period in which he sold or transferred such meat as above.
- (d) He must enter on the copy of each invoice which he is required to keep under section 19 (a) (4) of this order, the appropriate conversion factors used by him in making the computations under (c) (1) above, and the result of each computation.
- (e) Before any part of the increase in quota may be custom slaughtered for him, he must state, in writing, to the custom slaughterer that the quota for the custom slaughter of that species of

livestock for him by such custom slaughterer has been increased for that quota period because of sales or transfers of meat to one or more of the agencies or persons specified in (a), and the amount (live weight) of such increase. statement shall be deemed a certification to the Office of Price Administration as to the information contained therein.

(f) If the Class 2 slaughterer slaughters, or has custom slaughtered for him, any part of the increase in quota permitted by this section, he must attach to his report, on OPA Form MC-6, for the quota period in which such slaughter oc-

curred, a certification giving:

(1) The quantity by which he increased his quota, for the quota period in question, for the slaughter of each species of livestock by himself, because of his sales or transfers of meat to the agencies or persons specified in paragraph (a) of this section; and

(2) The quantity by which he increased his quota, for the quota period in question, for the custom slaughter for him of each species of livestock by each custom slaughterer, because of his sales or transfers of meat to the agencies or persons specified above.

2. The undesignated paragraph in section 19 (a) (3) is deleted.

- 3. Section 19 (a) (4) is added as fol-
- (4) He must also keep at that establishment copies of all invoices given, and all statements and certifications received by him pursuant to section 12 covering sales or transfers of meat to the agencies or persons specified in that section. In addition, he must keep a record of the information on which he based each certification attached to his report on OPA Form MC-6, pursuant to paragraph (f) of section 12.
- 4. Section 19 (a) (5) is added as follows:
- (5) He must keep a copy of his registration under this order, and the records upon which that registration was based.

#### FOURTH PRINCIPAL MERIDIAN

T. 11 N., R. 7 W., Islands Nos. 137 and 142 in secs. 4, 5, 8, and 22.

Subject to the above-mentioned withdrawal, claims or rights adverse to the State, if any, may be asserted by the filing of applications within 90 days from the date of filing of the plats. Any application adverse to the State must be accompanied by a showing that the land is nonswamp in character, in accordance with the provisions of 43 CFR 271.2 (b).

#### FEDERAL TRADE COMMISSION.

[Docket No. 5370]

ROBERT ROSOFF

NOTICE OF HEARING

The Federal Trade Commission, having reason to believe that the party respondent named in the caption hereof, and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of subsection (c) of section 2 of the Clayton Act, as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C., Title 15, section 13), hereby issues its complaint, stating its charges with respect thereto as follows:

PARAGRAPH 1. Respondent Robert Rosoff is an individual, trading as Robert Rosoff, with his principal office and place of business located at 370 Seventh Avenue, New York, New York. The respondent, since June 19, 1936, has engaged and is now engaged in the business of buying furs and fur garments for himself and

for others for resale.

PAR. 2. The respondent Robert Rosoff is the sole owner of the registered trade name "Rochelle Fur Company" and the business of buying and selling furs and fur garments which is conducted under such name. The respondent maintains the principal office and place of business of said company at 370 Seventh Avenue, New York, New York, in the same offices he occupies in connection with his various other business activities hereinafter more particularly described.

The respondent since June 19, 1936, has purchased and is now purchasing furs and fur garments in the name of Rochelle Fur Company for his own ac-

count for resale.

PAR. 3. The respondent Robert Rosoff is Secretary and Treasurer of State Furriers, Inc., a New Jersey corporation, with its principal office and place of business located at 2 North Broad Street, Trenton, New Jersey, which corporation is engaged in the business of purchasing and selling furs and fur garments. The respondent's wife, Betty Rosoff, is Vice-President, and the respondent's father, Joseph Rosoff, is President of State Furriers, Inc. The respondent Robert Rosoff, the respondent's wife, Betty Rosoff, and the respondent's father, Joseph Rosoff, together own all the capital stock of said corporation.

The respondent Robert Rosoff, since June 19, 1936, has purchased, and is now purchasing, furs and fur garments in the name of and for the account of State

Furriers, Inc., for resale.

PAR. 4. The respondent Robert Rosoff, since June 19, 1936, has owned a substantial financial interest in several other business establishments which are engaged in the purchase and sale of furs and fur garments. Some such firms are located in various cities of the several states of the United States. The respondent, since June 19, 1936, has purchased, and is now purchasing, furs and fur garments for resale in the name of, and for the account of, such respective business establishments.

PAR. 5. The respondent, since June 19, 1936, has also engaged in the business of buying furs and fur garments for several other distinct classes of purchasers in whose respective businesses he has no financial interest. These dealers may be classified as retail furriers who deal exclusively in furs and fur garments, department stores which have a fur department, and chain stores which also have a department engaged in the buying and selling of furs and fur garments.

The respondent Robert Rosoff as a buyer of furs and fur garments acts as buying agent for and in behalf of such outlets. In such capacity the respondent's manner of operation is that of receiving from such purchasers, for whom he acts as agent, requests, orders or requisitions to purchase a stated quantity of furs or fur garments upon such purchasers' specifications as to the quantity, size, color, type of garment and price. When the respondent receives such an order for such merchandise, he contacts various manufacturers of such merchandise and places the respective purchaser's order with that source of supply which offers the specified requirements on terms and conditions most favorable from the standpoint of the purchaser. When such orders are filled, the merchandise is shipped by the manufacturer direct to the purchaser, although in some instances delivery is arrested to permit inspection of the garment by the respondent at the respondent's place of business. The respondent gives personal attention to the detail of selecting and purchasing furs and fur garments, securing for his client buyers the best possible prices and terms by calling on competing manufacturers and only placing orders where he can receive the most favorable prices and terms.

PAR. 6. In the course and conduct of his business, since June 19, 1936, respondent has placed orders for such furs and fur garments with manufacturers and jobbers thereof located in the State of New York and elsewhere on behalf of dealers and others located in other states of the United States, pursuant to which orders, such merchandise has been shipped and transported by the sellers thereof from the State of New York across state lines to the respective dealers or other purchasers.

Representative of a few of many of the manufacturers and jobbers with whom the respondent has placed orders for furs and fur garments are:

Biltwell Furs, Inc., 210 W. 30th St., New York, N. Y.

Alexander & Perry, 350 Seventh Ave., New

Weiss & Bernstein, Inc., 307 Seventh Ave., New York, N. Y.

Jacob's Furs, 350 Seventh Ave., New York,

Feirstein & Feirstein, 330 Seventh Ave., New York, N. Y.

Par. 7. In the course of the purchasing transactions in interstate commerce as set forth herein, respondent, since June 19, 1936, while acting as purchasing agent for and in his own behalf and for and in behalf of other purchasers of such furs and fur garments, in the manner hereinabove described, has received and accepted, and is receiving and accepting, from the sellers thereof brokerage fees or commissions in substantial amounts

PAR. 8. The foregoing acts and practices of the respondent in receiving and accepting commissions or brokerage fees from sellers on purchases made from such sellers by respondent for his own account, and on purchases made by respondent while acting in fact for and in behalf of other buyers, in the manner and under the circumstances as hereinabove set forth, is in violation of subsection (c) of section 2 of the act described in the preamble hereof.

Wherefore, the premises considered, the Federal Trade Commission on this 22d day of August, A. D. 1945, issues its complaint against said respondent.

GRAND WOODWORKING Co.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to Second Revised Order No. A-3 under § 1499.159b of Maximum Price Regulation No. 188, it is ordered:

(a) Manufacturer's maximum prices. Grand Woodworking Company, of 4147 W. Ogden Avenue, Chicago, Illinois, may sell and deliver the articles of wood office furniture which it manufactures, and which are described in the manufacturer's application dated February 1, 1945, at prices no higher than its maximum prices in effect immediately prior to the issuance of this order plus an adjustment charge of 15.3 percent.

On all sales other than sales to ultimate consumers, the adjustment charge provided herein may be made and collected only if stated separately on each invoice.

The maximum prices of the manufacturer, as adjusted, are subject to its customary terms, discounts, allowances and other price differentials in effect during March, 1942 on sales to each class of purchaser.

(b) Maximum prices of purchasers for resale. A person who hereafter buys an article covered by this order and resells it in substantially the same form, may collect from his customer, in addition to his properly established maximum price in effect immediately before this order was issued, an adjustment charge in the same amount as the adjustment charge herein authorized and which he pays to his supplier. If he did not have a maximum price in effect for the article at the time this order was issued, he may add the same adjustment charge to the maximum price which he hereafter establishes for his sales under the applicable regulation. If the applicable regulation requires the maximum resale price to be computed on the basis of cost, the reseller must find his maximum resale price (not including the permitted adjustment charge) by using as cost his invoice cost less any adjustment charge stated on the invoice as a separate amount.

On all sales other than sales to the ultimate consumer this adjustment charge may be made and collected only if it is separately stated on each invoice. The adjusted price is subject to each seller's customary terms, discounts, and allowances on sales of the same or similar articles.

(c) Notification. At the time of, or prior to, the first invoice to a purchaser for resale, showing a price adjusted in accordance with the terms of this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the article covered by this order. This notice may be given in any convenient form.

(d) Statements to be submitted to the Office of Price Administration. After the effective date of this order, Grand Woodworking Company shall submit to the Office of Price Administration, Washington, D. C., a detailed quarterly profit and loss statement, within thirty days after the close of each quarter.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on September 6, 1945.

Issued this 5th day of September 1945.

#### SURPLUS PROPERTY BOARD.

[Rev. Special Order 3]

POSTPONEMENT OF RESPONSIBILITY OF DIS-POSAL AGENCIES FOR CARE AND HANDLING OF SURPLUS PERSONAL PROPERTY

Surplus Property Board Special Order 3, April 23, 1945 (10 F.R. 4368) is hereby revised and amended as set forth below.

Surplus Property Board Regulation No. 1 (10 F.R. 3764, 4356, 10398), as amended, effective May 1, 1945, designates the Department of Commerce, Reconstruction Finance Corporation, War Food Administration (now Department of Agriculture), Maritime Commission, and Department of the Interior (in the territories and possessions) as disposal agencies for surplus personal property.

These agencies are not at this time fully prepared to undertake the care and handling of the surplus property assigned. to them. This order is issued pursuant to the authority of section 11 (d) of the Surplus Property Act of 1944 (58 Stat. 765; 50 U. S. C. App. Sup. 1611), which provides that under such circumstances the Board may postpone the responsibility of any disposal agency to assume its duty of care and handling for such period as the Board deems necessary. The policy of the Board is to make full utilization of the existing facilities for the care and handling of surplus prop-erty and of the personnel now engaged in that activity, and to avoid unnecessary acquisition of additional storage facilities, as well as to avoid unnecessary shipment of such merchandise from one point to another. It is, therefore, hereby ordered, That:

1. With exception of surplus contractor inventory requiring—ovement to permit reconversion, owning agencies shall continue to be responsible for care and handling of surplus property in their possession and for such other surplus property as may come into their possession.

 Shipments to or for disposal agencies by owning agencies shall be made only as and when directed by disposal agencies.

3. As to contractor inventory which must be moved to permit reconversion, disposal agencies shall be responsible for care and handling to the extent that facilities permit, and may continue to acquire needed additional space. Construction of any additional facilities shall be subject to approval by the Board.

4. Owning agencies shall assist disposal agencies in every possible way to utilize existing space and equipment now owned or controlled by such owning agencies, to the extent necessary to permit quick and orderly plant clearance. Owning agencies shall prepare and maintain such records as will show full compliance with the provisions of this order and with the applicable provisions of the Act. Reports shall be prepared and filed with the disposal agencies in such manner as may be specified by the Board and approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

5. Disposal agencies shall maintain continuing liaison with each other and with the owning agencies in order to make maximum use of storage space available and to confine shipments of merchandise from one point to another for storage purposes to the minimum consistent with the proper disposal of the property.

This revised special order shall become effective on September 8, 1945.

#### WAR PRODUCTION BOARD.

NOTICE TO ALL MANUFACTURERS AND FAB-RICATORS

MICA

Mica of Black Stained, Red Stained, and other varieties required for civilian items is not available in sufficient quantity to meet all needs. This has been due to the emphasis placed upon procurement of mica of the better qualities for war applications. In order to aid the industry in meeting reconversion demands, it will be necessary for the War Production Board to recommend release of a large proportion of Densely Stained, Second Quality Inferior Domestic, etc., and other micas of higher price. The following table shows the quantities available and the averaged prices for the stocks of lower quality micas suitable for civilian needs:

Grade	Quantity available	Average price
4	Pounds 80,000 19,000 -11,000 9,000 1,000	\$1,75 2,95 4,25 4,10 5,00

In order to distribute the available mica equitably it will be necessary to furnish all the information previously submitted on Form WPB-1085. In addition,

each fabricator or manufacturer should state the quantity of mica of the various grades requested that he has in inventory, on the date of his application, in all qualities lower than stained. If he has contracted to purchase mica of this type from other sources he should state the expected date of receipt and the quantity of the various qualities and grades he will receive. Form WPB-1085 should be used in presenting the information.

Based on the information supplied, and available stocks the WPB will recommend the release of the mica on September 21, 1945, in such a manner that every fabricator has a fair share of the various types of mica in stock and available for civilian consumption.

Issued this 5th day of September 1945.
